Dear Sir/Madam,

Greetings in peace!

We, the Junior Bachelor of Science in Information Technology (BSIT) students who are currently enrolled in one of our major subjects which is **ITEC 200A - Capstone Project And Research 1** under New Curriculum would like to create a research entitled **Lakbay: A Three-Dimensional Game about Driving Fundamentals and Road Courtesy and Safety of Gear-1 Driving School**.

In relation to this, we are also requesting from your good office to please allow us to conduct a survey from **Gear-1 Driving School Molino III Branch**. Please be assured that the information to be gathered will be treated with utmost confidentiality.

We are hoping for a positive response. God bless you.
